Patti Patten

Dearest Patti,
You are the kind of
people that make the world a
nice place to live in. Don't ever
change. I love you the way you are.

Love,
Gary

Patty,
Well we really had fun
this year, we good & have
fun during the summer
and we'll see ya next year.

Patti,
You know it's
not fair to score
higher than me on test,
after all you should learn
to pity the handicapped!

Love,
Clottee

Patty,
Look forward to another
great year, have a good
summer!

Glancing back at our unforgettable years at St. Mary's, we have found them bursting with memories; a few of them sad, but most of them happy, fun-filled events. In the course of these experiences we mature, broadening our perspectives on life. Usually this change can be seen by comparing the bewildered freshman to the confident senior. . . .

. . . .The first year of high school can be a little frightening and quite confusing: New people and experiences may seem awesome, even to the most dauntless freshman.

It seems sophomores are less strained than freshman with their friends and teachers. Yet they often become restless, being caught up in a period of progression between upper-classmen, and the lowliest freshman. . . .

...As juniors, graver responsibilities are assumed, such as sponsoring the junior prom or attempting the PSAT test.

Seniors are a rare breed compared to the other students. They seem glad to be leaving the well-worn niches at St. Mary's; yet these same students are reluctant to leave friends and teachers they've known so well. . . .

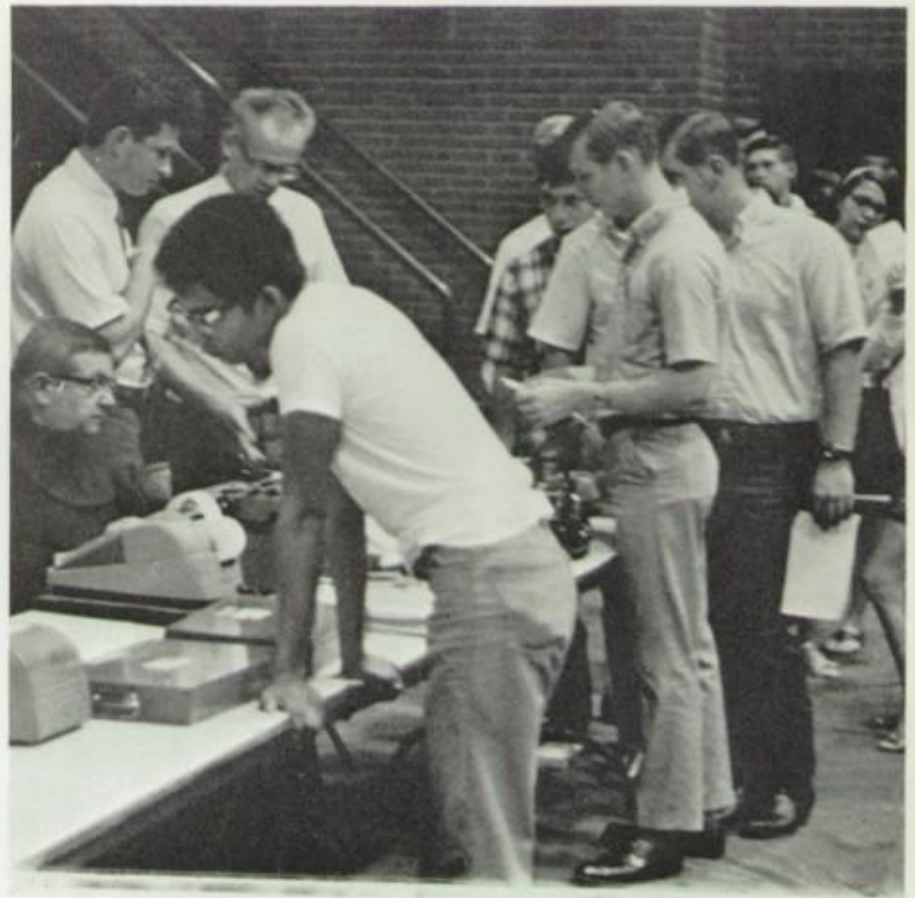

...However, in spite of age difference among our students, there is present a warmth and closeness; unifying all of us together. Yet the cycle continues: Freshmen eventually become Seniors; as Seniors leave only to start the long climb forward to their personal goals.

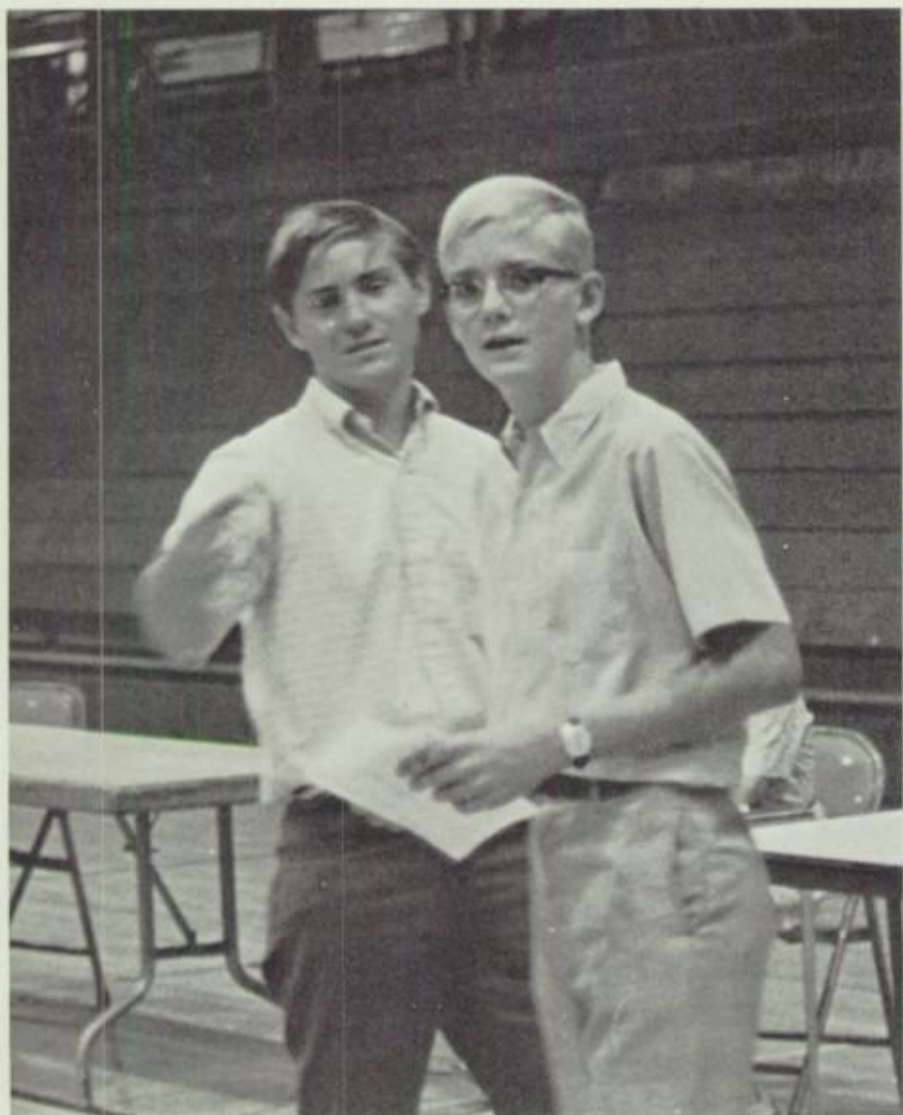

Hard working Father Lester makes sure all schedules get out.

Friendships Form in Fee Line

Mass confusion was here once again for the new and the old. The new had to learn and the old get accustom to the atmosphere they were once in before.

Everyone was busy registration day and everything was a mess. People here, people there, wanting to get things settled about school and making new friends.

Almost everyone dislikes going through registration every year, but in the end it was all worth it. Right?

Frosh Swing Thru Year

This year started with a bang, and we were off! We found ourselves running to find an elusive classroom, to win a relay race, or to escape the tyranny of a senior slave master. We endured a week of plastered hair, red lipstick, and shaving cream just to become a part of St. Mary's. We discovered the confusion and fun in creating Homecoming 1969. We tested our skills in raising money and producing a skit. Now we're no longer those "punky" freshmen. We've blossomed a little.

Freshman girls display their new mode of fashion.

A shaken-up Pat Farrell is revived between plays.

St. Mary's was ready for Tucson but Tucson wasn't ready for St. Mary's, and the Badgers failed in their bid to play for the state championship.

The Knights went to Tucson ready to take revenge and that's just what they did. The team seemed to move the ball almost at will. In beating Tucson, the Knights ran their record to 11-0 and earned the right to meet Central for the AAA State Championship.

Since his arrival at St. Mary's, Coach Doherty and his teams have dominated all high school football in Arizona. In his first year, starting with the carryovers from a 1-9 previous season, he began to instill the winning spirit, based on the word pride. Pride is the word he uses to begin each season. With this and 20 dedicated boys, he knows he can achieve the ultimate goal, State.

He began his five year journey of winning with a 4-5-1 record. Coaches' pride was damaged but not stifled. Pride, now you have the word which best describes Coach Doherty. The undefinable word with which Coach Doherty began and carried through every season. The influence of his own pride has become a part of everyone in close contact with him. It has become his most profound characteristic. The pride of every player is brought out through his masterful guidance.

The next year the winning spirit produced a 9-2 season. The next two years became football history in the state of Arizona. A small school playing out of its class, both in population and equipment, took the State Championship with a perfect record 13-0. The year 1968, a 12-1 record, not bad huh!

The final year-the peak of dedication was reached. A number of great football players who everyone thought didn't have a chance rambled to a 11-1 record, lead by the greatest Knight of all, Coach Doherty. He possesses the greatest dedication of all.

Fielding a team from a group of asthmatic altar boys and having just enough tape to keep them together is dedication! Part of his success lies in the endless hours of behind the scene coaching which consists of an analysis of the opposing team and perfection of his own team.

Blind faith best expresses the respect the players hold for him. So inspired by the knowledge of football, they carry out his commands without question.

Although a few of the above characteristics are found in many coaches, the essence of Coach Doherty's success has been his ability to instill these characteristics in his players.

These players start out frightened young boys but when Coach Doherty is through molding and polishing they become men.

English Teachers Work Together

Mrs. Georgia Andrews
English III-IV, Senior Class
Moderator, Chairman of English

Communication in the world today is of the utmost importance. Through English we gain a better insight in the art of communication.

For the Frosh it's a new world of words spinning constantly.

The Sophomores face a year of challenges renewed.

Juniors feel more oriented in this world as they discover U.S. literature.

Seniors are faced with the challenge of exploring English literature.

Foreign Communication

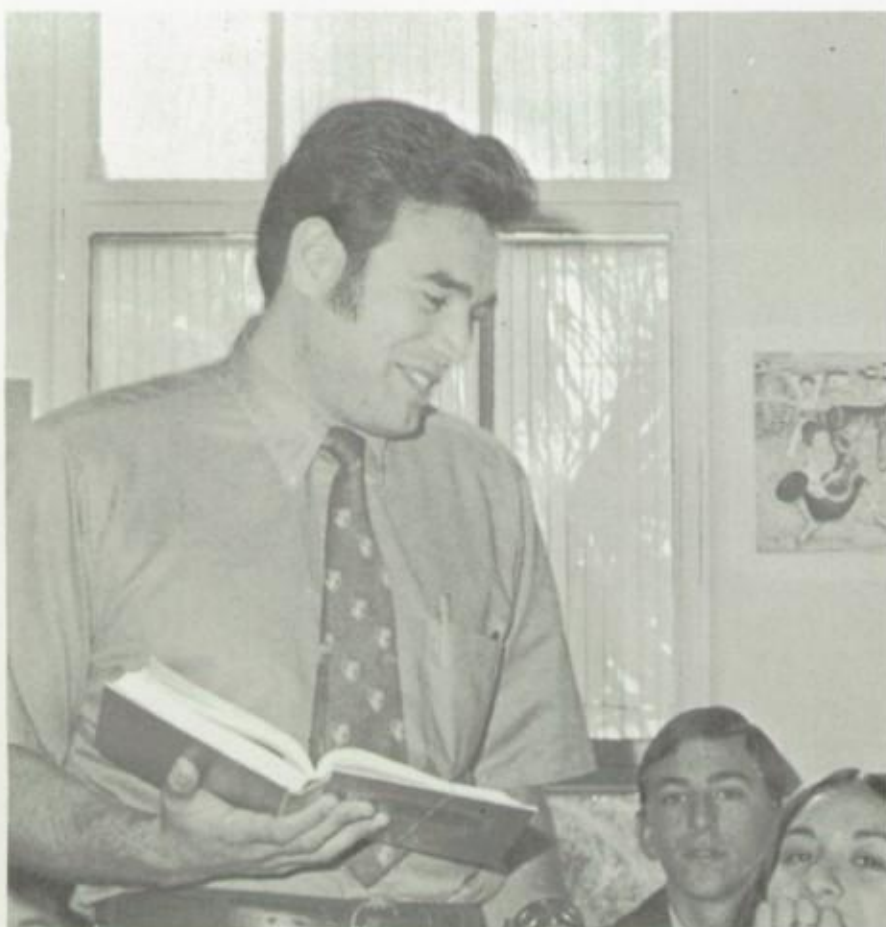

Fr. Juan Leon

Religion I, Spanish III-IV, Latin II, Special English to exchange students, Moderator of Frosh class, Moderator of Spanish Club

For eons, language has been the principal way to communicate with one another. Here at St. Mary's there are three foreign languages offered: Spanish, Latin, and French. Latin is the basis of all the Romantic languages. Spanish is very useful here in Arizona because Mexico is our neighbor to the south. French once was the language of the diplomat. English has now replaced the French language, but French still remains the most beautiful of the Romance languages.

Mr. Rene Diaz

This is what math is all about. ??? Solving (?) long, hairy equations like this, From Algebra I to Math Analysis, these problems become easier and easier (?) to answer. Geometry is a different story though. Here you work with planes, triangles and areas. Long, complicated word problems utilizing the Algebra you learned (?) are common. So good luck to math students.

Alright, take the picture so I can show her her mistake.

They Enter The Unknown(?)

"Three things are necessary for the salvation of man: to know what he ought to believe; to know what he ought to desire; and to know what he ought to do." — St. Thomas Aquinas. The religion course this year at St. Mary's was geared to this quote.

The Freshman learned about the Salvation of Man, Sophomores learned of the Friendship of Christ, Juniors learned how to grow in Christ and the Mighty Seniors found out what kind of Christian he was expected to be. This was accomplished by the films, discussions and the text studied during the week and lectures by the teacher.

Man has always had an inquiring mind and this is what puts him above other living creatures. Great advances in Biology, Chemistry and Physics are a result of this inquisitiveness.

St. Mary's offers an extensive course in Biology. Here, frogs, mice, and fish sacrifice their lives for aspiring young scientists. During the past year potential chemists learned how to use the slide rule, how to break thermometers, and how not to blow up the school. In Physics students studied matter and motion.

Social Science, the study of man's societies, is well covered at St. Mary's. In their Freshman year, students are introduced to this field of study in World History and World Geography. Juniors explore the History of the United States. Senior year offers the students of St. Mary's the area of American Government. Political Science, the study of policy-making is open for both Juniors and Seniors.

Keeping Physically Fit Thru P. E.

For five periods a day we study to develop our intellect. But for one hour a day most students also go through physical exercise. In P.E., students not only learn how to take care of their health, but they also learn the meaning of good sportsmanship.

Home Ec: a class that requires patience and a developing skill, helps put out young homemakers of tomorrow. Many of the girls found enjoyment in spite of the hard work. They felt their own personal triumph in wearing their finished products. Home Economics will play an important role in the near future for most of these fine girls. They will need their newly acquired skills for their own families.

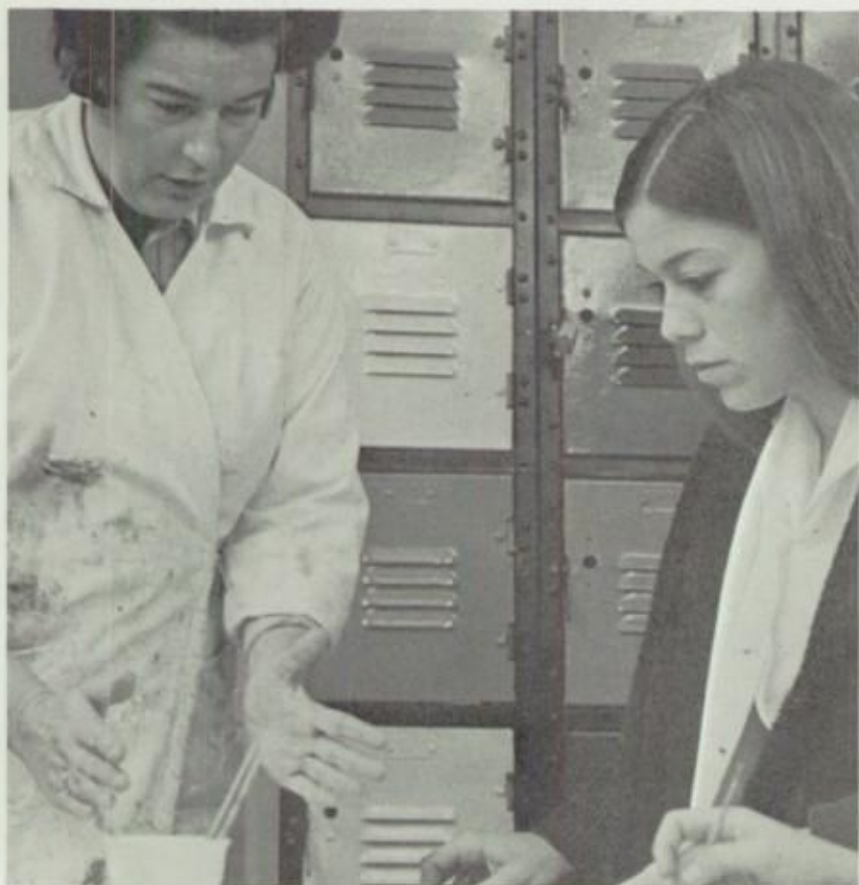

Mr. Jeff Morse

Typing I

Typing — the moving fingers, roving eyes, mental rhythm, the frustration, the improvement, the victory in conquering speed and perfection. Mr. Morse and his first year typing students went through a year of this, knowing how important this is going to be to them in the future. It is a skill used in college, business and even in the home. Typing is a subject worth learning and worth learning well.

Pupils Grow Under Administration

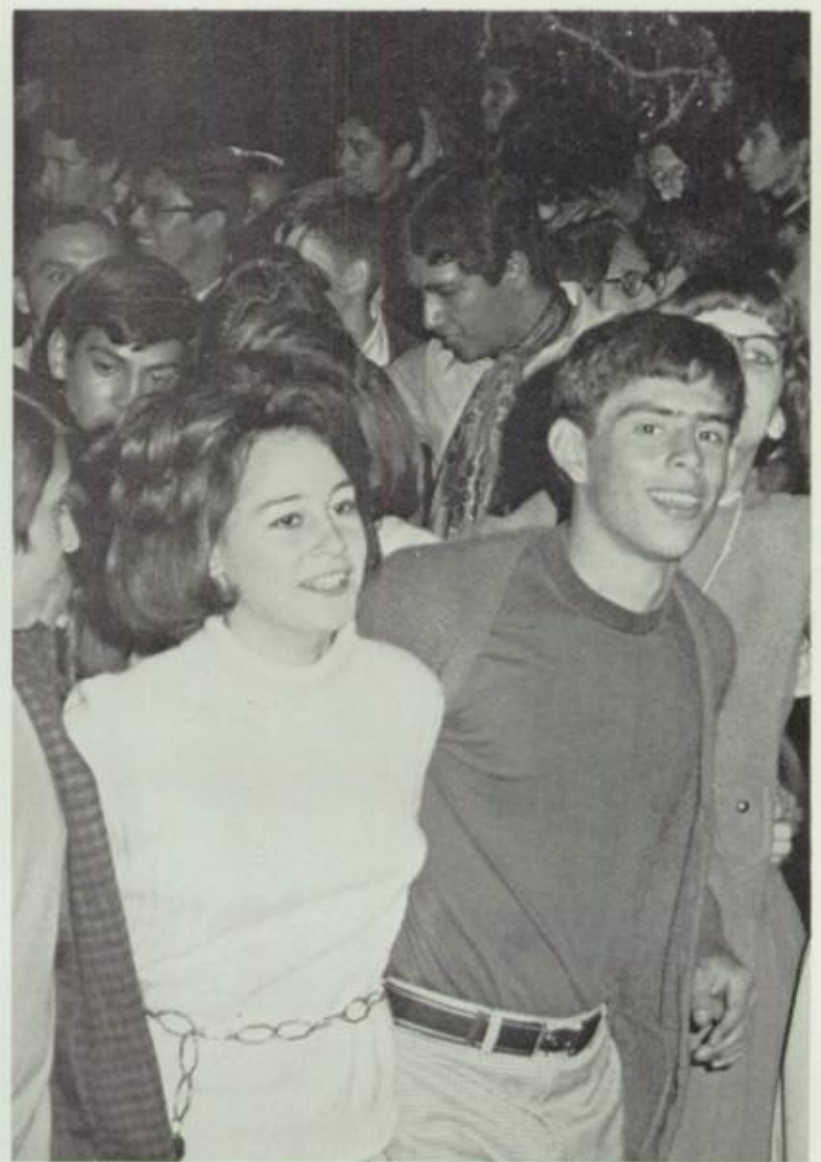

Yes Father, I understand but

Fr. Joel Scott O.F.M.

Just as at the helm of any ship there must be a dedicated, reliable captain, at the administrative end of parochial school life there must be a capable and efficient executive. Such was the case for St. Mary's during the 1969-1970 school year, with Fr. Joel as principal.

This capable priest led St. Mary's to a successful and fruitful year. Under his guidance the reputation the school had so tediously built over the years was immeasurably enhanced. His efforts were recognized and appreciated by students and faculty alike.

*Tinsel
and Twilight*

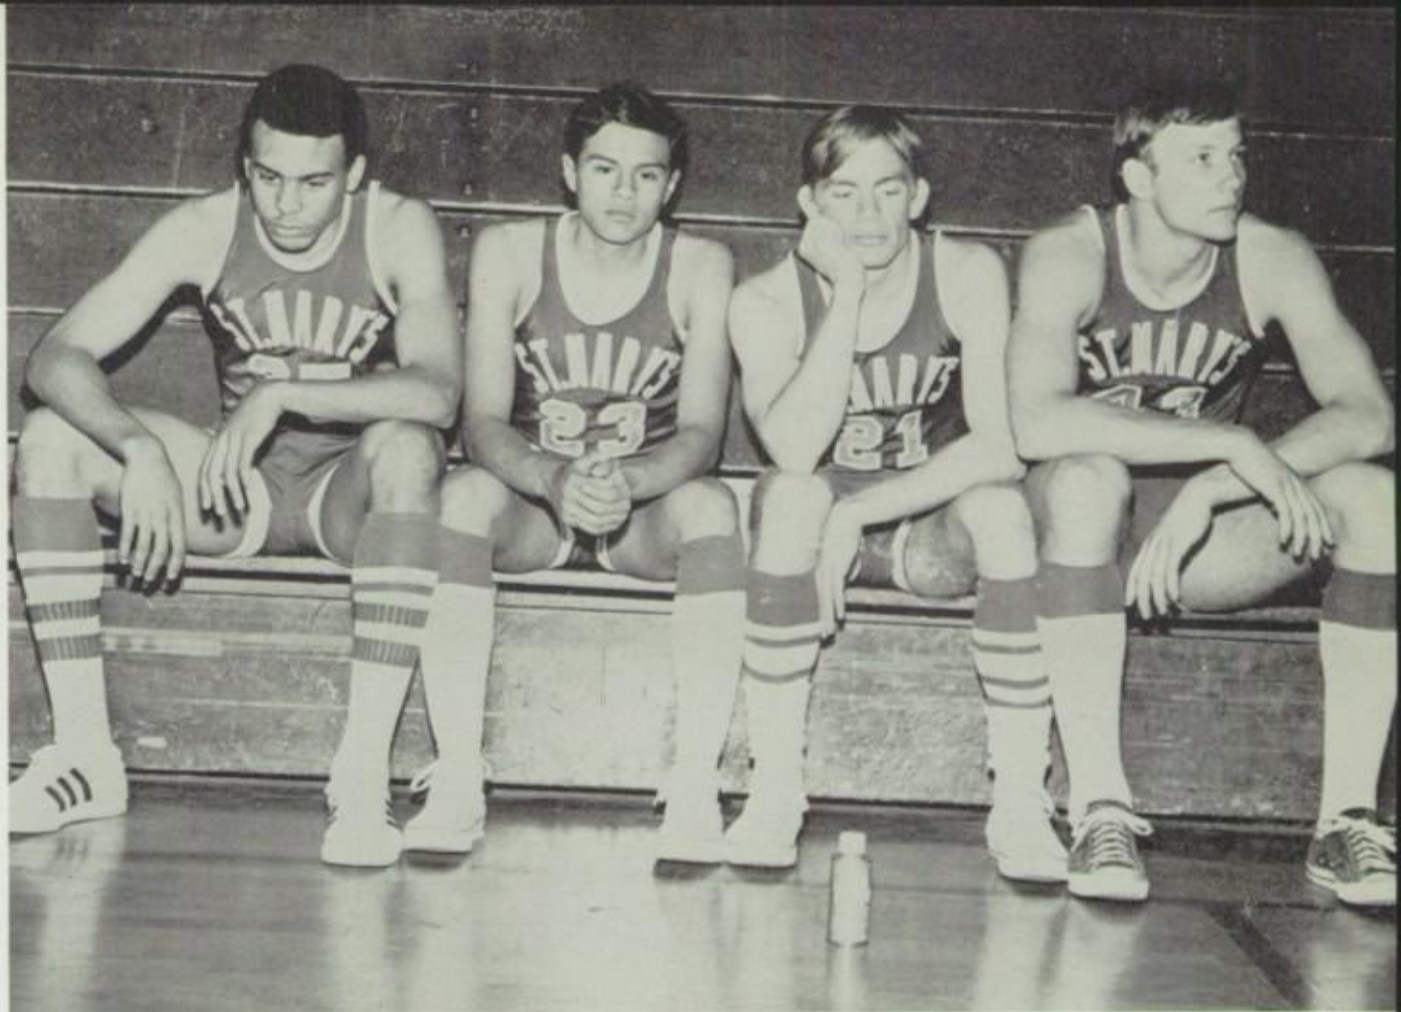

A riot took place as the choir sang "Peace on Earth..." Parents dragged their children away from the lap of a Black Santa as "Santa Claus is Coming to Town..." hummed in the background.

The seniors untraditionally brought back the X-mas Skit with a satirical message entitled "Christmas in the Eye of the Beholder."

The silence that had pervaded the gym broke when the entire student body joined in the finale: "Joy to the World."

The purpose was to make the students stop and think. Many walked out of the gym that afternoon doing just that.

Standing: Coach Lavin, Tom Ruiz, Sal Balderas, Pat Farrell, Joe Broderick, Larry Weaver, Bob Kennedy, Steve Vaughn, Al Portillo, Jeff Howard, Joe Meza, Coach Goebel. Kneeling: Mark Fredlake, Mr. Pieri, Jim Brodie.

The St. Mary's varsity basketball team showed vast improvement and great promise during the '69-'70 season. Eight games were chalked-up in the winning column while they dropped eleven. Coach Paul Goebel brought new life to a team mired in last place in the Skyline Division. Under Coach Goebel's direction the Knights made some noise in the division race and were not eliminated until the last two games of the season. Led by seniors Sal Balderas, Pat Farrell, Bob Kennedy, and Steve Vaughn, St. Mary's swept both games from Cortez, Washington, Paradise Valley, and Moon Valley. In the three games with Flagstaff and Glendale they lost by a total of ten points. The outlook is bright for next year with seven returning lettermen and three starters. The pace set by our '70 Knights will certainly be kept up in the years to come.

Students Bring Christmas Joy

This Christmas Saint Mary's students collected toys for 300 children at the C.E.P. Center. The Senior girls wrapped toys and many of the students came to the center a few days before Christmas to help out with the program planned for them. The speech club presented a Nativity skit for the children and a Black Santa gave out the presents.

This past year was the most active year for the Speech Club (in many years). The members of the Speech Club put their play on for the Christmas project. They also celebrated George Washington's Birthday by putting on a show for the V.F.W. Besides these many activities, many students competed in Speech Tournaments. All in all the Speech Club had a tremendous year and celebrated their success by having an end of the year dinner at MONTI'S.

The St. Mary's Lettermen's Club is designed to mold boys into men. Through hard, grueling practices and games on a varsity sport the boys achieve the status of lettermen. Of course there is initiation to go through...but if you're man enough to play sports you're man enough to make it through initiation.

Lettermen initiates take a romp in the mud.

John Douthat — Salutatorian

John Douthat has spent his years at St. Mary's in academic excellence, placing high on the honor roll. He served as president of the National Honor Society here at St. Mary's. In his senior year, he worked as managing editor of the Knight. John also was an active member of the chess club, placing third in the State Chess Finals.

Linda Pieper — Valedictorian

While retaining the highest academic standing in her four years at S.M., Linda still found time for other activities. Each week she could be seen at the football and basketball games adding pep to the pom line. Linda was an active member of Girl's Council for three years and Secretary of The National Honor Society. She also co-edited "El Caballero" this year.

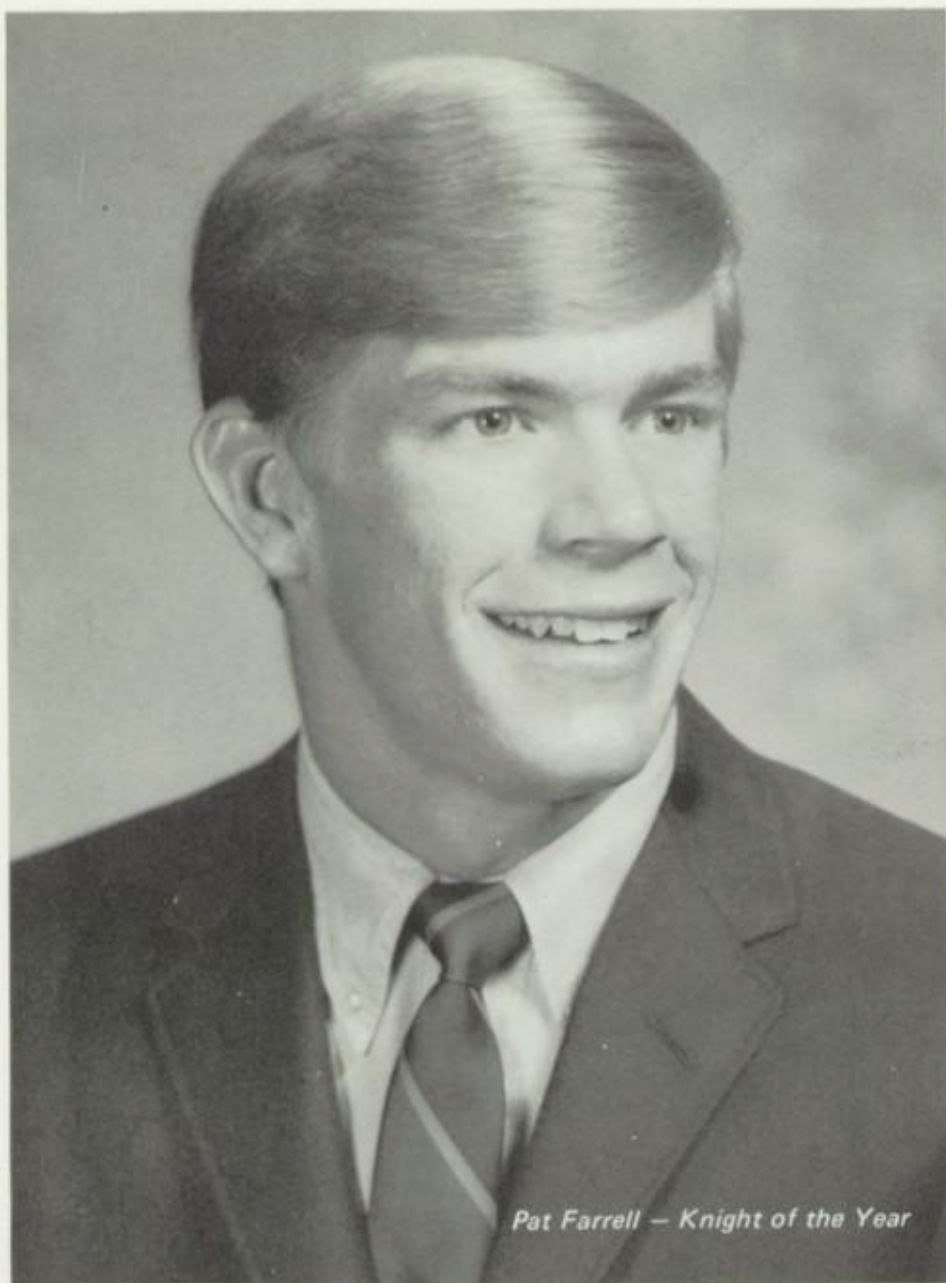

*Patsy McShane —
Mother Brunner Award*

Each year, the faculty selects the most outstanding Senior who is the essence of their idea of the perfect Christian woman. Patsy has accomplished many deeds in her four years at St. Mary's. She was a delegate to Girls State, Frosh and Junior class Vice-President, and she was also Student Body Vice-President. She sounds very deserving of this honor.

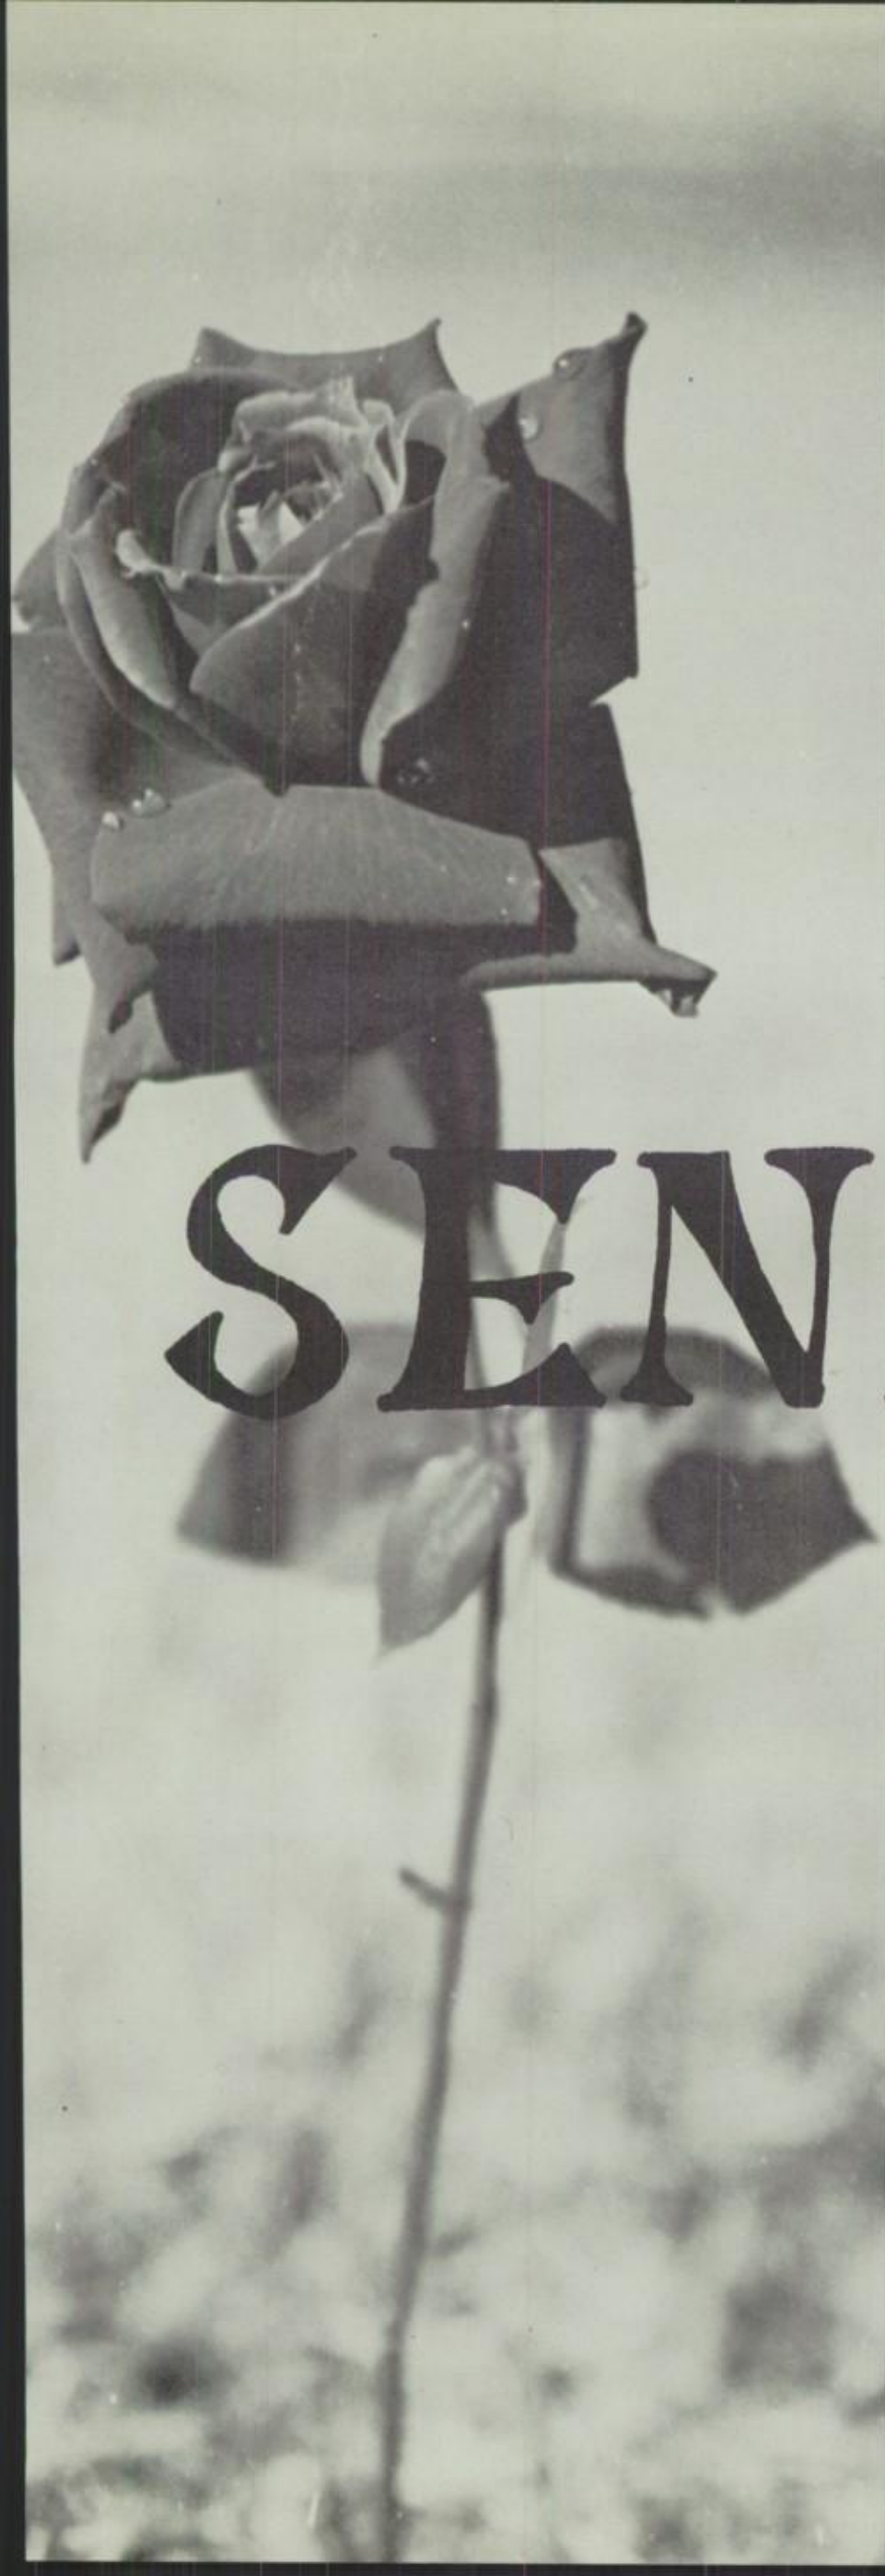

Pat Farrell — Knight of the Year

Pat Farrell proved worthy of the honor of "Knight of the Year" through his all-round activities. As a freshman he was class treasurer, and his sophomore and senior years served as class president. He was also a member of National Honor Society. During the summer of '69 he was a delegate to Boy's State. He received the Citizen of the Month Award for November. Pat also excelled in football, baseball, and basketball. Truly a deserving man!

Remember This —

(Just a little friendly advice to make life easier to live!)

*Be good, but not too good. . .
 . . .a little naughty, but not too naughty.
 Say a prayer if you feel that way. . .
 . . .Say "D—n" if it gives you consolation.
 Be kind to the world always, if possible —
 . . .yet if you must be unkind, smash right
 and left, get it over and forget it.
 Smile, always smile.
 Have a smile ready, even though
 sometimes it hurts.
 Grab all the happiness you can —
 wherever and whenever you can —
 don't let even a wee bit slip past you.
 Live, above all things live. . .
 . . .don't simply exist.
 If you are blessed enough to know
 what real love is. . .
 . . .love with all your heart, soul and body.
 Be ready to make new friends
 and try new experiences. . .
 . . .let the problems that may arise
 teach you to be a stronger and
 more independent person.
 Live your life so that at any hour
 you will be able to shake hands
 with yourself. . .
 . . .and try to accomplish at least
 one thing worth while each day.
 Then when your night comes
 you will be able to pull up the covers
 and say to yourself. . .
 . . . "I have done my best."*

Senior Memories

As we leave St. Mary's, the Senior class is faced with mixed emotions. It is a sad time because we leave behind four years of sharing, loving, hating, laughter, tears, struggle and growth. Deep friendships grew here and yet we wish we could have known others better. We saw the necessity to know oneself and what we wanted for the future. The people and experiences of S. M. became a part of us.

It is a happy time, too, because we can finally say that we've made it. We've graduated! Even for all of its good times, we wouldn't want to relive all of our struggling years at St. Mary's. Very often restlessness and doubt disturbed us. The future, though, holds an excitement yet to discover. — "Though nothing can bring back the hour/Of splendor in the grass, of glory in the flower;/We will grieve not, rather find/Strength in what remains behind," — Wordsworth.

Uncle Larry, A Man of Many Works

Dear "Uncle Larry",

Take a long, deep puff on your pipe, and stretch your legs out on that sacred desk of yours; because it's all over now. The annual is out for another year, and you don't have to wince anymore when you hear that word "yearbook". Yes, somehow we all made it through this year, and as we think back, we hope it wasn't all that bad. Sure there were days when you wanted to try some unpredictable chemicals on us; but we often were tempted to lock you out of your lab! While we're on the subject; maybe you'd be "amused" to know about the time we thought of refilling your tobacco bin with pencil shavings or "fixing" your chair for you. However, it was all done in innocence, and we never once lost sight of "your authoritative figure."

But before this page becomes too water-logged with your tears, we'd better put in writing what we haven't said once all year

THANK YOU

*The Annual
Staff of '70*

FINIS

All right you guys, slap it together, throw it in an envelope, and send it to the publisher!

Rodeo At S. M. Was Like This . .

A Smile, A Laugh, A Joy . . .

Abbyann Mallamo

*"Happiness is when I'm near you,
To share your smile."*

*Abby was a smile, a laugh, a joy,
And her happiness opened its arms
To everyone:*

*Her family at home, the kids at
School, a dog named Rags, and lots
Of kittens — everyone felt her touch.*

*Sixteen years is not a long time, but
Abby made a life of them; a
Life filled with love and laughter,
Her laughter was her touch.
Abby has left her touch.*

*The happiness lingers — the smile is gone,
But Abby isn't really too far away —
She's waiting just ahead —
with a smile.*

When You Set Up Your Household APS Electricity

At least, that has been the pattern over the decades. Arizona Public Service charges less per kilowatt for electricity today, than it did 20 years ago. And less then, than 30 years ago. ■ As a new homeowner, you'll want every break you can get. APS is happy to provide one more.

The closest thing to

total cleanliness is total electric living

When you cool your home, heat your home, heat water, cook meals and dry your clothes with electricity, your home is cleaner. No products of combustion are added to the air inside or outside your home.

To The Seniors:

Love is caring;

Love is beautiful;

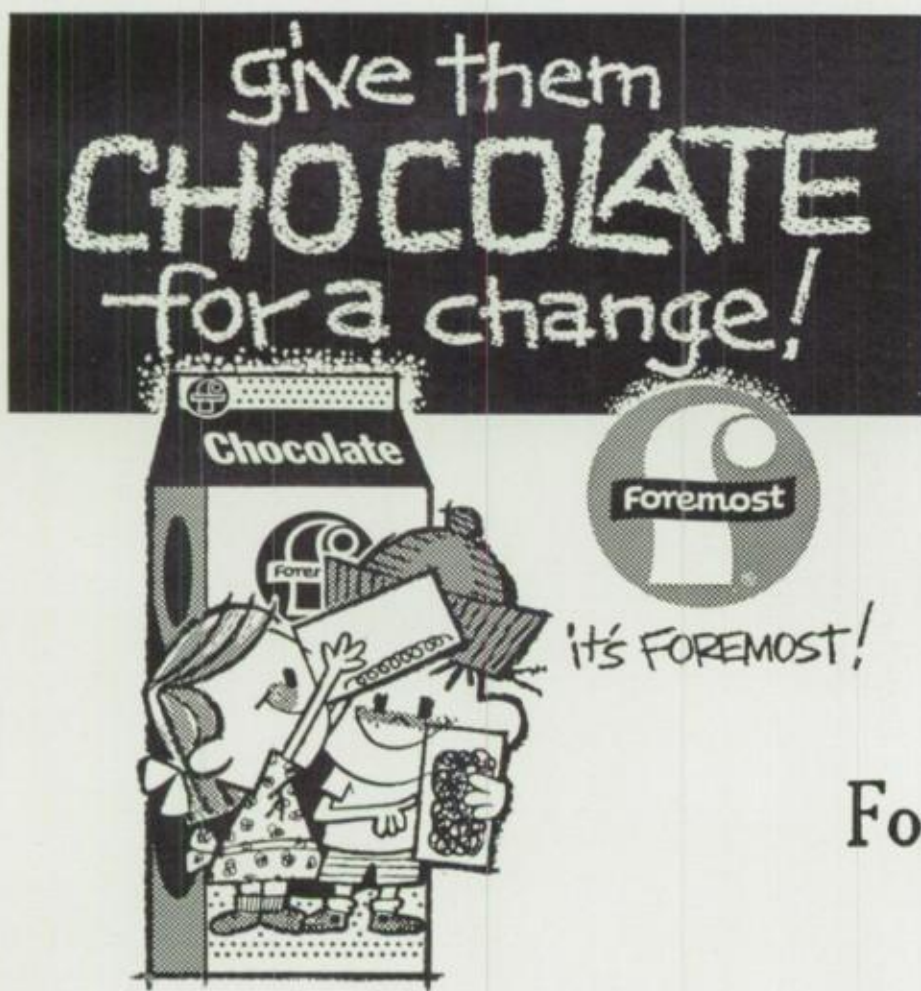

You seniors ought to be proud for having made St. Mary's the most beautiful school that I know.

You have enriched my life because you CARE for others. . . For which I am proud to have been here to know all of **you**.

I offer my prayers to all of **you**. That all of you continue to have FAITH in **yourself**, and have LOVE in **your** heart for others. . . .

MAY GOD BE WITH YOU ALWAYS!
